### WHY A. O. SMITH

Every product that carries the A. O. Smith name has a reputation to live up to, one that we've earned through 145 years of innovation. As leaders in our industry, we constantly look for new materials and develop new technologies that can improve energy efficiency, perform better, and make our customers' lives easier. When you choose an A. O. Smith residential water solution, whether it's a water filter, water softener, or whole house conditioner, know that you are getting the best solution - for today, and for years to come.

Wholesale Filters 833.232.9711

Wholesale Softeners 833.232.9712

## Water Softening

**Soften water throughout your home to protect your appliances and eliminate hard water spots and stains.**

A. O. Smith water softeners reduce excessive calcium and magnesium to solve hard water problems throughout your home.

## Water Conditioning

**Reduce chlorine taste and odor along with scale buildup to lengthen the life of pipes and appliances.**

The A. O. Smith water conditioner combines obsessively engineered filtration and salt-free scale reduction technology.

## Water Filtration

**Get clean, filtered water for all of your drinking and cooking needs.**

A. O. Smith water filters reduce contaminants and undesirable color, taste and odor, so you can drink with confidence.

I NEED A SOLUTION FOR  
BAD TASTE, ODOR OR CONTAMINANTS

I want to use my existing faucet.  
I do not want to drill a hole in my countertop.

**GOOD**

**Reduces 5 contaminants.**
